2020-2021

make a box
for your (favorite) book

BOX YOUR BOOK • COMPETITION OF STICHTING HANDBOEKBINDEN!

Designing a box for one of your favourite books, that's the subject of a special competition launched on October 5th 2020 by Stichting Handboekbinden (the Handbookbinding Foundation). No main role for the book this time but for the particular packaging made by you. Pamper your book, that is to say lay it in a beautiful box.

In this competition it is all about you making a box around a book you bought or received and found yourself enthralled by while reading it or looking at it. A book which is special to you because of its content or layout. Consequently the challenge lies in having yourself inspired by this mechanically produced book. The challenge will be the way in which 'handmade' can connect to 'machine made'. Do you, for example, want it to form a unity or to emphasize a contrast? Thinking about this can yield new creative insights for designing and making your personally crafted book box.
